SUMMARY

Motivated second-year Computer Science undergraduate with a strong foundation in programming and problem-solving. Practicing coding consistently with 400+ problems solved across platforms. Selected for a national-level scholarship and actively involved in technical growth initiatives.

EDUCATION

B.Tech · Computer Science & Engineering

2025 · 2029

Lakshmi Narayan College of Technology, Bhopal (M.P.)

Class 12th · Model Higher Secondary School

Completed: 2024 | Percentage: 90.6%

Class 10th · Abroad Academy Co-ed School

Completed: 2022 | Percentage: 87%

PROJECTS

SehatSaarthi | React.js, Vite, Tailwind CSS, Node.js, Express.js, REST APIs, Gemini API 2026 | Github

- Architected and developed a full-stack healthcare application using React.js, Vite and Tailwind CSS, implementing reusable components and role-based interfaces across the platform.
- Engineered RESTful backend services with Node.js and Express.js and integrated the Google Gemini API to power AI-driven healthcare predictions and assistance through API-based application workflows.

RentOnly | React.js, Vite, Node.js, Express.js, MongoDB, Cloudinary

2025–2026 | Github

- Built a full-stack rental marketplace with React.js and Vite, implementing dynamic property discovery, location-based search, price filtering, responsive UI and multi-image property galleries.
- Developed RESTful APIs with Node.js and Express.js backed by MongoDB/Mongoose, handling property CRUD operations, admin approval workflows and user enquiries, with Multer + Cloudinary for multi-image upload and cloud storage.

SKILLS

Programming Languages: Java, C, JavaScript

Web Technologies: HTML, CSS, React.js, Vite, Tailwind CSS

Backend & APIs: Node.js, Express.js, REST APIs

Databases & Cloud: MongoDB, Mongoose, Cloudinary

Tools & Version Control: IntelliJ IDEA, VS Code, Git, GitHub

ACHIEVEMENTS

- Selected for Reliance Foundation Undergraduate Scholarship (National merit-based selection).
- Solved 400+ coding problems across competitive programming platforms.
- Maintained 100-day coding streak on CodeChef; current rating approximately 1100.
- Selected as Internshala Student Partner, promoting career and internship awareness among students.

CERTIFICATIONS

- **Programming in Java (NPTEL)** — NPTEL, Issued May 2026.
- **Core Java** — Saksham Digital Technology, Issued Feb 2026.
- **Introduction to Data Science** — Cisco Networking Academy, Issued Nov 2025.
